

National Highways visit York IAM Group 19 July 2022

We were delighted to welcome Michelle Backhouse – Traffic Officer with National Highways to our Member's meeting last night.

Michelle was prompt, well organised and totally professional in her approach to this meeting. We planned the content together - but all the hard work pulling it together was done by Michelle.

In the room she connected with our members, listened carefully to their questions and discussed all aspects of the Traffic Officer's role and the important job that National Highways do as an organisation on our roads.

At the vehicle, notwithstanding the very high evening temperature, she was thorough and patient with all interested members - and as you can see there were many!

Huge thanks to Michelle!

Huge thanks to Michelle Backhouse - an excellent presentation and full engagement with York IAM Group members - 19 July 2022

Michelle Backhouse from national highways engaging with York IAM Group members

What else have you got in there?
How does that work?
Michelle was happy to share
knowledge with
York IAM Group members
